

The Lesbian Archive and Information Centre Timeline

Revealing the hidden history of British lesbian women.

1989: Black Lesbians

The Archive has a large collection of material from lesbian and bi women of colour - mainly from Camden's Women's Centre, which donated a collection in 1997 from its Black Lesbian group.

Women of colour often struggle to make their voices heard within any group, but more so when there seems to be a prioritising of rights.
